SUBJECT: NCAA Certification & Self-Study

As you are fully aware, the Athletics Department recently completed the NCAA Certification and Self-Study process. As with most certification processes, this involved a thorough self-evaluation of how the Department operates in relation to the operating principals of the NCAA. The NCAA then sent a team of peers to TROY to validate the self-study and question areas of concern.

I am pleased to report the Athletics Department was unconditionally certified by the NCAA in late July. This is evidence that the Department is committed to Governance & Rules Compliance, Academic Integrity, and Equity & Student-Athlete Welfare. Please find attached a three-ring binder with the following information:

1. "Certification" letter from the Chair of the Committee on Athletics Certification;
2. Certification Report (126 pages);
3. Addendum (11 pages); and
4. One page Response

It is our hope that you will keep this document of file should there ever be a need to review its content. Thank you and GO TROJANS!
