Dr. Jack Hawkins, Jr.
Chancellor
Troy University
216 Adams Administration Building
Troy, AL 36082

Dear Jack:

Thank you for four recent letters regarding substantive change at Troy University.

In your letter of February 9, 2008, you explain that the University College of Troy University will upgrade the off-campus site at Whiting Field Naval Air Station from classroom-only space to a full-service site and manage it as a separate location by October 1, 2008. **I accept your notification and look forward to receiving the prospectus by July 1, 2008.**

Your letter dated February 15, 2008, provided additional information about the proposed MS Ed programs in Pensacola and Orlando. Specifically, you explained the support services available to ensure that students in the program are instructed in the use of library resources, especially electronic resources. The additional information addresses our concerns. **I approve the programs and include them within the scope of your current accreditation.**

One of two letters dated February 28, 2008, notifies the Commission of your intent to offer the MBA at the Tucson, Arizona site of the University College, effective, 2008. Since this is an approved program, to be offered at an approved site, **I accept the notification and require no additional information.**

A second letter dated February 29, 2008 notified the Commission of the intent to offer:
Master of Business Administration
Executive Master of Business Administration
Master of Public Administration

at the University College's San Antonio, Texas site. Since these are approved programs, to be offered at an approved site, **I accept notification and require no additional information from you.**
