Subcommittee to develop recommendations for organizational structure for Continuing Education

November 19, 2007

Present: Dr. Judson Edwards, Dr. Cindy McCoy, and Mr. Bob Willis
Absent: Dr. Lance Tatum with notice

At the meeting Dr. Edwards presented sample organizational structures of the following universities: Bradley University, University of Tulsa, University of Wisconsin System, and the University of Southern Mississippi. Discussion centered upon structure and multi-campus scenarios.

It was agreed by the subcommittee that an OGU Office/Division of Continuing Education should be created under the Office of the Provost and a director’s position should be created. The discussion centered around the need to coordinate the continuing education activities for the multi-campus structure of Troy University in order to prevent duplication and develop one cohesive vision for continuing education.

Mr. Willis discussed the importance of creating this office/division in order to (1) conduct an assessment of what continuing education activities are taking place throughout Troy University, (2) provide strategic planning support in order to grow and foster the programs at each campus and (3) serve on the academic steering committee in order to work closely with all colleges. Drs. Edwards and McCoy agreed with these recommendations.

The meeting adjourned.
