To Whom It May Concern, I submits a letter to the Dean of Graduate School of Education on behalf of my Financial Assistance and Reinstatement to Troy University Montgomery Campus. In 2005 I was academically withdrawn from the Graduate School program, due to unsatisfactory completion progress. However, I was assisting my grandmother during her extended illness, in which I had to provide adequate care for her at that time. Although I was unable to fully commit to continuing my education at that time, due to the health conditions of my grandmother, I am asking for another chance to continue my education in 2008. I am currently working with Montgomery Area Mental Health, where I have been consistently working towards accomplishing several tasks that will provide for my continued personal and professional growth. I am very hard working, dedicated and consistent with trying to maintain completing my goals. I feel that the Counseling field will enhance my knowledge on working with our youths in society. I hold a position as an In-Home Intervention counselor, which is designed to work with a Master’s Level Counseling Degree. I provide a positive male role model that will influence the youths to become productive individuals in the future. If I am given the opportunity to be reinstated I promise to strive for excellence toward accomplishing and succeeding the goals that I have set for my continued professional enhancement. Please grant me the opportunity to continue my education to obtain a Master’s Level Degree in Counseling.

September 14, 2007

To Whom It May Concern, I would like to submit a letter of appeal for reinstatement in the Graduate Studies Program at Troy University Montgomery. I was formerly enrolled in Graduate Studies Program at Troy University Montgomery Campus. I was enrolled in the Master’s Level Community and Counseling Program. I received two unsatisfactory grades so therefore I was academically withdrawn in May 2005. After being withdrawn I have managed to maintain a steady work habit and also I have learned to be more responsible and dedicated to my class and grades in the future. After being out of school for two years, I have decided that obtaining a Master’s level education would be a very important goal for me to achieve, in order to become successful in life. If I am reaccepted into the program, I promise to meet academic standards in the future. If you would, please grant me the opportunity to be reinstated into the program. I would greatly appreciate the chance to be reconsidered, to accomplish my goal in order to become successful in the future.

Thank You

Dear Dr. Barron:

is petitioning for readmission to the Counseling program. He took two classes in Spring 2005 and received an F grade in both. The classes were with Dr. Kenyon Knapp, and the reason for the F was that he plagiarized a research paper in both classes. Receiving an F grade for the class is Dr. Knapp’s policy and is included in his class syllabus. I am enclosing a grade sheet from both classes so that you can see grades on other assignments.

In researching his record, I find that he graduated from ASU in May 2003 with a cumulative GPA of 2.4481. He took the MAT in 2003 and scored 28. ([ ] was dropped from the program due to Quality Points. [ ] should be readmitted. [ ] would need to write and pass an essay prior to continuing in the counseling program.

[ ] is very young, and [ ] co-workers feel that [ ] has matured over the last couple of years. They believe that [ ] would be a good counselor. [ ] states that [ ] has learned from his experience. Your consideration of his request is appreciated.

Sincerely,
