Troy University’s Sorrell College of Business on the Montgomery Campus now offers two accelerated Master of Science in Management programs. Classes meet every other weekend, Friday evenings and Saturdays and can be completed in only one year.

Designed for working professionals, TROY’s M.S.M. Public Management and M.S.M. Applied Management programs offer adult learners curriculums that combine theory and practice in an interactive classroom setting.

M.S.M. PUBLIC MANAGEMENT
• Prepares administrators and professionals with managerial and decision-making skills to manage organizations designed for public service, non-profit
• Curriculum emphasizes public personnel management, administrative law, budgetary management, and organization theory in the public sector

M.S.M. APPLIED MANAGEMENT
• Prepares employees, managers, and military leaders with advanced managerial and decision-making skills
• Curriculum emphasizes human resources management, financial management, managerial accounting, marketing management, and management strategy development

Invest in your future, one weekend at a time.
