Curious about world events? Want to participate in global issues? Then perhaps Troy University’s Master of Science in International Relations (MSIR) is the program for you!

The MSIR program offers courses on many aspects of international relations, including theories of international behavior, comparative government, foreign and security policy, international law, political economy and development, regional issues, and terrorism. Students can pursue concentrations in Global Studies, National Security Affairs, and Regional Affairs in Latin America, Europe or Asia. In the course of their study, students develop the analytical skills necessary to understand and evaluate how particular issues can affect global affairs and trends.

In short, the Troy University MSIR program can help you make sense of the complex swirl of events in the contemporary world. First offered in the mid-1970s, the program has grown into one of the largest graduate level international relations programs in the country. Admission requires a BA or BS degree in any subject area from a regionally accredited college or university, but has no other prerequisites. All MSIR instructors have PhDs and can offer students the benefits of broad professional experience. Because Troy MSIR students come from a multitude of civilian and military backgrounds, class discussions are always lively, informed, and wide-ranging.

Troy University Ft. Benning/Columbus generally offers two MSIR in-class courses each term, allowing students to complete the 12 course requirements of the masters degree in a little over a year. MSIR courses are taught in-class at other Troy University sites as well, including Tampa FL, Ft. Bragg NC, and Ft. Lewis WA and overseas locations like Kadena AFB Okinawa and Osan AFB South Korea. Courses can also be taken online through eCampus.

Studying international relations is enormously interesting and intellectually rewarding and may also improve employment opportunities. The growing political and economic interdependence of the world demands professionals with international knowledge and sensitivities. Employment opportunities may include US government agencies such as the State Department, Defense Department, and CIA and the very large number of firms engaged in foreign business activity. Students may choose to continue their international relations study toward a PhD, with potential opportunities at colleges, universities, and research institutions.

### Phone Number Change for the Ft. Benning Site

Effective immediately, the Ft. Benning Site has two phone numbers for all student services, financial services and any other business you may need to conduct with our site. In the past, there were several different numbers for different departments. Now, the two primary numbers are **1-866-557-8608** and **706-689-4744**

You should **begin using these numbers today** since some older numbers are no longer operational or will be terminated soon.

TROY E-Mail
applies to all students!

All TROY students are required to use assigned TROY e-mail accounts. This is the official means of communication between you and the University. If you are not using this account, please begin doing so today. You may access your Trojan e-mail account through the E-mail Login menu option on Blackboard or by logging onto http://mail.troy.edu.

Please consult with your Academic Advisor with any questions you may have.

How To Get Started at TROY!

1. Submit Online application at troy.edu
2. Have ALL official transcripts sent.
3. Make appointment with your advisor in your area of study.
5. Register for Classes.

Trojan OneCard & Refunds

How are refunds sent back to the student? There are several ways for this to occur; however, having your refund applied to your Trojan OneCard makes the process very simple and convenient.

The OneCard is issued to new students when they register for classes in their first term at TROY.

Once the student receives his/her Trojan OneCard, the student must go to www.TrojanOneCard.com to activate his/her choice of refund delivery methods. The student should not delay this action. The student should activate his/her choice within two business days.

A student may choose one of the following refund delivery methods:

1. Debit Card OneAccount (Easy Refund)
2. Direct deposit to a bank account of the student’s choosing
3. Paper check issued by Higher One

The Debit Card OneAccount (Trojan OneCard activated as a debit card) is tied to a fully functioning FDIC insured checking account. There is no credit check to open this account. The student may use the debit card anywhere the MasterCard Debit Card is honored.

For more information, please go to www.troy.edu and www.TrojanOneCard.com.

REQUIRED TEST INFORMATION
- UNDERGRADUATE -

CLEP Exams
Contact Mr. Leon Johnson at 706-685-5731. Active-duty military may take the CLEP at no cost.

Math and English Placement Tests
All undergraduate students who wish to enroll in Math or English courses must take the placement test first. Both placement tests are given every Tuesday and Thursday. Arrive by 9:30AM, Bldg. 2612. Contact Mr. Johnson at 706-685-5731 for further information. Students are required to submit an electronic request for the Math or English placement tests. The online request form is available at the website: http://troy.edu. Please allow up to 72 hours for the request to be processed, and plan accordingly.

Measure of Academic Proficiency and Progress (MAPP) - formerly called GECE
Undergraduate students pursuing an associate or bachelor’s degree are required to take the Measure of Academic Proficiency and Progress (MAPP) prior to graduation. Students who have earned 60 or more semester hours must take the MAPP. Failure to take this examination during the appropriate term will delay your graduation. This exam must be taken no later than the term for which you filed your Intent to Graduate notice. Students who plan to take the Measure of Academic Proficiency and Progress (MAPP) are required to be in the testing room by 5:45PM ET on the day of the examination. The examination begins promptly at 6:00PM ET. Doors will be locked promptly at that time and no admittance will be granted. A reservation is required for this exam. Reservations must be made 72 hours in advance by completing the online MAPP Testing form at http://troy.edu. Select Student Resources, Forms, and then MAPP Testing form.

TERM 3 Test Date
Location: North Campus
Classroom to be announced

Distance Learners: If you are taking classes via a distance learning program and are over 100 miles from the Fort Benning/Columbus Site, you will need to take the Measure of Academic Proficiency and Progress (MAPP) exam with an approved proctor. Your proctor information must be provided to the Fort Benning/Columbus Site Student Services Office via the online MAPP Testing Form early enough to allow Troy University a minimum of two weeks advance notice to verify your proctor’s identity and to mail the exam to them by certified mail. This is especially important for those students located outside the continental United States. Please follow the instructions above for accessing the MAPP Testing form. More details regarding proctor qualifications are provided on the form. If you have additional questions, please call our Student Services Office.

Our students had a 100% pass rate in December 2005 - January 2006 on the PHR and SPHR exam and 100% pass rate on the SPHR in the December - January 2008 testing window!

The PHR/SPHR Exam Preparation course:

The course utilizes the SHRM Learning System(r). It is a 12-week program designed for Human Resource professionals who wish to sit for the PHR and SPHR certification exam. It is intended for professionals who have at least two years of exempt-level Human Resource work experience. It is strongly recommended that PHR candidates have two to four years of exempt-level professional Human Resource work experience and SPHR candidates have six to eight years of exempt-level Human Resource work experience. Students are advised to determine if they are eligible to sit for the exam prior to registering for the preparation course. To find out who is qualified to sit for the exam, please check the Certification Handbook at:

http://www.hrci.org/Certification/HANDBOOK/

Course Includes:
- SHRM Learning System(r)
- Access to on-line study tools
- On-line Practice Exams
- Up-To-Date Content
- Study Tips
- Interactive Assignments
- Certificate of Completion

MASTER OF SCIENCE IN SPORT AND FITNESS MANAGEMENT

The Sport and Fitness Management program is designed to provide the graduate with the knowledge, skills, and attitudes to engage in the practice of management in a variety of settings. The goals and objectives of the program are guided by, but are not limited to, the criteria and guidelines set forth in the Standards for an Accredited Educational Program by the North American Society for Sport Management.

Students are provided with classroom, laboratory and clinical experiences to accomplish these objectives. Students are evaluated on their progress in meeting the above objectives throughout the program. Opportunities and evaluations are provided for actual participation in professional clinical sites including athletic, sport and club fitness, coaching facilities, rehabilitation facilities and community settings in the practice of Sport and Fitness Management.

Troy University hosts
NATIONAL TESTING CENTER
at our Ft. Benning/Columbus Site

Our National Testing Center is located on Ft. Benning. This is an open test center that offers testing for the Clep and DANTES (DANTES Subject Standardized Test) Tests. There are 34 different Clep tests and 35 different DANTES test that are offered. If you are interested in taking any of the test that are offered through our National Testing Center or if you simply want to inquire about the different tests, please call Leon Johnson, the Test Site Administrator at (706) 685-5731 or email him at johnsonl@troy.edu.

The Master of Science in Human Resource Management (MSHRM) is a specialized professional program designed to offer the student an opportunity to obtain proficiency in contemporary human resource management concepts, activities, and skills, particularly as they are applied to developing and executing human resource management systems in support of strategic organizational objectives. As a result of successfully completing the MSHRM program, graduates should improve their ability to apply problem-solving skills to designing human resource management systems that fit the strategic objectives of organizations and to use written and verbal communications skills effectively to communicate the results of their problem-solving analyses and recommendations.

ACADEMIC ADVISING

Advisors are available during registration, however, the wait to consult with one may be longer during our peak period. To ensure faster service with advisement matters, we recommend you seek advisement during non-registration periods. To schedule an appointment, please e-mail fbstudentservices@troy.edu or contact your advisor directly. Please note that academic advisement is available by appointment (preferred).

Please keep in mind that personalized unofficial degree plans may be viewed via Trojan Web Express (TWE). Accessing degree plans online prior to registering for courses will provide for more expedient service. If you should have questions after reviewing your degree plan, please seek assistance through the appropriate advisor.

Undergraduate Students

Undergraduate students should work with Academic Advisors for all matters related to registration, advisement, graduation and most other student services needs. If you do not see your Academic Advisor’s name on your unofficial evaluation in TWE, please e-mail your advisor to have it updated.

Faculty advisors are also available and are assigned according to program. Faculty advisors assist undergraduate students with matters related to career counseling and for detailed information on degree programs that go beyond the scope of an Academic Advisor’s expertise. If you do not know where to begin, always start with your Academic Advisor who will point you in the right direction.

Graduate Students

Graduate students should work with Academic Advisors for all matters related to registration, graduation and most other student services needs; however, Faculty Advisors perform all academic advising for graduate students and are assigned according to program. If you do not know your faculty advisor, please e-mail your Academic Advisor who will provide you with the appropriate contact information for your Faculty Advisor.

ATTENTION GRADUATING STUDENTS!

Term 3, 2009 students will be filing for Term 5, 2009 – The intent to graduate filing period for Term 5 will be January 6 – February 6, 2009. All degree requirements to include applicable exit exams must be completed no later than the end of Term 5. The Intent to Graduate form on the TROY Fort Benning website (troy.edu) will be open from January 6 until February 6, 2009. This will be the last time to file for the June 2009 Graduation.

Please direct any questions regarding the “Intent To Graduate” filing to your Academic Advisor.
Government Information Assurance Workers  
The DoD 8570 Directive and You!

Troy University offers the most effective way to meet the requirements of the December 2005 Department of Defense Directive 8570. This directive mandates that personnel performing technical or management level information assurance (IA) functions must satisfy both preparatory and sustaining DoD IA training and certification requirements. The Directive goes on to state that “Individuals in IA positions not meeting certification requirements must be reassigned to other duties, consistent with applicable law.” This Directive affects the DoD workforce, which includes government workers (active duty, government civilian and contractors) doing any kind of computer security/information assurance work. All personnel performing IA functions described in the DoD 8570 should be certified by the end of FY 2010.

Troy University offers a host of preparatory classes that provide self-paced computer-based training. Our method gives the student an effective, convenient and affordable alternative to classroom training!

The Directive can be viewed at this website:  

To find out more about Troy University’s solutions to help you achieve the necessary certifications now being required to perform your job, call 800-368-2315.

Financial Aid, Simple As 1, 2, 3

1. Apply for a PIN www.pin.ed.gov  
Use your PIN to access student information, to submit an electronic signature, and to re-apply for FAFSA each year. PIN can also be used to electronically sign your Master Promissary Note. Go to www.kheaa.com and click “eSign your MPN.”

2. Complete FAFSA www.fafsa.ed.gov  
Applicants must have current tax form in order to complete the FAFSA application. PIN required for electronic filing. Troy University school code:  
001047.

3. The online Financial Aid Certification form and FA Counseling form can be completed by going to www.troy.edu/financialaid/2008forms.htm.

4. Students may check Trojan Web Express for additional forms that may be required. (Look under “Communication” and click on “Documents”.)

Types of Financial Aid

Federal Pell Grants (UG only), Federal Stafford Loans, Perkins Loans or Veteran Benefits.

Do you still have questions about financial aid?  
The choice is yours:  

Contact Ramona Taylor at rtaylor36119@troy.edu  
OR

You may reach the Troy University Call Center where specialists can answer phone inquiries about general or specific financial aid questions from 8am to 5pm CST at 1-800-414-5756.

The Call Center is staffed by Greenwood and Hall, a company independent of any of our lenders. Troy University has outsourced the Call Center just as the US Department of Education and the VA have outsourced the operation of their Call Centers.

Do You Have A TROY ID Card?

Troy University Students, Faculty and Staff are eligible to receive a Troy University ID card! Yes, the ID card is free to all who are eligible.

How to obtain your TROY ID Card? The process is simple!

- First, email a digital photo of your bust to ucid@troy.edu  
- In your email, be sure to include the following information:
  - Your first and last name that we have on record  
  - Your student ID number or Social Security Number  
  - Your home Site location (Ft. Benning/Columbus Site)  
  - Your status (student, faculty, or staff)

Once your information is received via email, the process will take about a week to complete.

Your new ID card will be mailed to your home Site location (Fort Benning/Columbus Site). You should check with our Business Office on Fort Benning in about ten business days to see if your new ID card is ready for pick up. Please be prepared to provide a photo ID (ie., Drivers License) so that we can verify YOU are receiving the correct ID.

**Master of Public Administration**

The Master of Public Administration (MPA) is a 12-course, 36-semester hour program that M.P.A. prepares students to excel in careers as administrators and leaders in public and non-profit agencies. The program emphasizes skill-building, research, service, and diversity. It can be completed in as little as 15 months via instructor led on-site and/or on-line coursework.

**WHY THE MPA PROGRAM?**

The M.P.A. program educates students in public administration, developing and enhancing professional excellence and leadership by building professional skills and sound intellectual foundations, emphasizing ethics and diversity, and promoting research and service.

**CONCENTRATIONS: (3 courses)** At the Ft. Benning/Columbus Site you can chose in-class courses to concentrate in Justice Administration or Public Management. (Other concentrations are available through our online offerings)

Got questions? Contact . . . Dr. Murray C. Widener, MPA Program Coordinator Ft. Benning/Columbus, GA Site 706-685-5741 widenerm@troy.edu

NOTE: EVENING CLASSES TRANSMITTING TO THE CENTRAL TIME ZONE START AT 6:00 PM.

All graduate business courses require Internet access. Syllabi and course documents will be posted on the Internet. Check the syllabus, the Blackboard site and your e-mail account frequently in case of any advanced preparation is needed prior to the first meeting.

For weekend courses, you must obtain a course syllabus (if available) from the Graduate Office and have textbooks at least one week prior to the first class meeting.

TRANSFER CREDIT POLICY CHANGE

The policy on transfer credit has changed. Until now, most graduate programs have allowed 12 hours (4 courses) to be transferred in from other regionally accredited schools. The limits have changed to: Arts and Sciences: 9 hours or 3 courses; Business: 6 hours or 2 courses; Education: 12 hours or 4 courses; HHS/Sports: 12 hours or 4 classes.

Go Trojans!
The Comprehensive and Capstone Exams

Important Dates & Information

If you file(d) your intent to graduate form between January 6 and February 6, 2009 carefully read this article.

Non-Business Comprehensive Exam
The non-business comprehensive exam is scheduled for February 23, 2009.

Capstone Exams—Business Programs
Students enrolled at the Fort Benning/Columbus Site in MGT 6685 or HRM 6698 will take their capstone exam sequence during the course. No special action is necessary to "register for the comps." The capstone exam sequence consists of two standardized exams (a midterm and a final) in MGT 6685 and HRM 6698.

Students enrolled in an eCampus business capstone course (MGT 6685, HRM 6698, E MBA 6611, or MBA 6611) who wish to take their exams at Fort Benning need to submit the usual proctor form and set up an exam date within the course instructor’s scheduling parameters. Contact Felecia Kelly (kellyf@troy.edu) to set up a proctored session. Be sure to provide the course instructor’s scheduling constraints so that we can optimally set up a single, consolidated session to accommodate all students who make this request.

Students who need to sit for the “old version” of the comprehensive exam (i.e., who are completing the old 10-course program) need to contact the Fort Benning graduate business program coordinator:

Dr. George Pederson
(gpederson@troy.edu)

LaGrange Cohort Success!

Troy University is pleased to announce the expansion of classes to LaGrange, Ga.

A Master of Science in Human Resource Management cohort program has been formed and the students are currently enrolled. The group of 18 students will complete two courses per term and graduate in around 15 months. The courses are taught by Troy University faculty members who travel to LaGrange to teach.

Courses are designed for working adults and are scheduled conveniently at night and on weekends. Currently classes are being held at the LaGrange Best Western Lafayette Garden Inn. Most of the students are Human Resource professionals in the LaGrange area employed by various local business and industry organizations.

Troy University is currently forming a Master of Public Administration cohort in LaGrange to begin January 2009. For more information on available graduate degree programs, please contact Tabetha Getz at tpeck@troy.edu or (706) 685-5724

What is “Satisfactory Progress”?

Students must meet “Satisfactory Progress” by maintaining a 2.0 overall grade point average for undergraduates and 3.0 for graduate students and successfully complete 80% of all hours attempted. This measure begins for the undergraduate student at the end of the first year and begins immediately for graduate students; this standard is measured annually. (Hours attempted include repeated courses, dropped courses, withdrawals, and incompletes.)

Students who receive financial aid and drop or withdraw before the completion of the 60% timeframe will be subject to recalculation of their financial aid. These students will therefore owe a balance to the University and will not be permitted to register for classes until the balance has been paid in full.

Troy University can provide you with a future on your terms. Imagine taking a class at midnight from the comfort of your home, while you are traveling for business or pleasure, during your lunch break, or while you are serving your country in the armed forces or sitting in a classroom in Columbus, Georgia. Troy University offers busy adults an unprecedented opportunity to pursue education on their own terms.
Masters at Work

TROY’s Master’s at Work program is designed for employees with Bachelor’s degrees. Because we come to you, it’s simple and seamless to initiate. Our on-site, customized graduate level courses are available after work and/or in compressed weekend sessions and can be completed in as little as one short year!

Just call us! Our coordinator will meet with you to review the program options and details. We will hold information sessions on-site, assist with registration, and handle the details. A typical class accommodates a minimum of 20 people and maximum of 35.

Once the class is full, a location is chosen and the curriculum is designed specifically for your group. Candidates completing the program may graduate at an on-site graduation prepared by us or you, or they may participate in the nearest TROY Site graduation ceremonies.

New classes can start every 10 weeks.

866-557-8608

Drop Classes

It is the student’s responsibility to drop classes. Students who do not drop classes within the prescribed timeframes will be responsible for payment of any fees charged for those classes, even if the student did not attend any class meeting.

Conditional Status?

Conditional status? You must stop at 9 graduate semester hours before transitioning to unconditional status. That means you are limited to taking one course in your second term if you have taken two in your first. At the end of that time, you must show a GPA of at least 3.0 (a “B” average). Be sure to let your Program Director know your status and arrange your Program Plan accordingly.

What about my GPA?

Once you are classified as unconditional, the Graduate School lets you earn up to two grades below “B” in your program. Happily, you can retake a course if you earned a “D” or “F” (or “C” if your College required a “B”). The “D” or “F” (or “C”) is still counted in your GPA. Otherwise, just complete your program with at least a 3.0 average, and you will be fine.

Go Trojans!

Attention V.A. Students

Please remember that it is your responsibility to contact the Fort Benning/Columbus Site Business Office immediately after you register for classes so that your V.A. certification can be processed timely.
MATH AND ENGLISH PLACEMENT TESTING

All undergraduate students who wish to enroll in Math or English course must take the Troy University placement test first. Both placement tests are given every Tuesday and Thursday from 8:15am – 10:00am, Bldg. 2612, 2nd Floor at Soldiers Plaza on Fort Benning. Students are required to initially complete the Placement Test Request form available at the website: http://benning.troy.edu. The request form will be processed within 72 hrs along with a reply of receipt. Contact Mr. Leon Johnson at 706 685-5731 for further information.

COLLEGE LEVEL EXAMINATION PROGRAM (CLEP) and DANTES STANDARDIZED TEST (DANTES)

Troy University offers all service members, National Guard, Reservists and Civilians to opportunity to take any of the 34 CLEP OR 37 DANTES examinations. Exams are administered by appointment only Monday through Friday. A list of exams can be obtained at Bldg. 2603 or 2612, 2nd Floor, Soldiers Plaza or from http://ser.troy.edu, then select the admissions button and scroll down. The Troy University NTC will provide CLEP and DANTES testing for students of any college or university. There is no cost of exams for eligible military personnel but a test center administration fee of $20.00 dollars applies to all examinees. CLEP and DANTES exam fees for all others are $70.00.

All examinees should consult with an advisor prior to taking an exam.

PROCTORING SERVICES INFORMATION

For proctoring services, students should call Mr. Leon Johnson at 706 685-5731 for details on proctoring procedures, costs and to set an appointment date and time. Proctoring is administered by appointment only.

For additional information on any of the above areas contact Leon Johnson at 706 685-5731 or johnson1@troy.edu.
Want a career in Sport?

Think off-the-field!

Bachelor of Science, Sport and Fitness Management and Master of Science in Sport and Fitness Management.

The Sport and Fitness Management Career programs currently work with employers nationwide. Some include NCAA Athletic departments, teams in the NFL, NBA, WNBA, NHL, WNHL, MLB and all the minor leagues, WSA, MLS, & AFL, professional minor league teams, recreation departments, like MWR, and other leaders in the sports industry. TROY continues to expand along with sports-related ventures by corporate giants like NBC Sports, Disney, Warner, and Fox Sports, meaning job opportunities are increasing daily.

Master of Science in Sport and Fitness Management.

TEACHERS NOTE: Troy University - Fort Benning/Columbus Site offers the prestigious Master of Science in Sport and Fitness Management (MS SFM). Upon completion of this degree, many school districts raise certified teachers up a level on the salary scale. With an investment in education you earned a 100% rate of return on your dollar. That is MORE than most coaching stipends & it stays with you for the balance of your teaching career—even when you stop coaching!! If you teach for 20 more years with, let’s say a $5000 per year increase, then your earning potential over the 20 year period would be an additional $100,000. That is your mortgage. Who said, “Education is an Investment?” Yes, it is! (Check with your school administrators about State and County pay schedules.)

Bachelor of Science, Sport and Fitness Management

JobsInSports.com lists all levels of job opportunities within the sports industry including internships, entry-level, management, and executive level positions.

Below is a detailed description of many potential job openings that fall under each category. Other potential sport careers and searches provide access to the largest job board in the sports industry and features over 1,000 current sports jobs and internships:

- Sports Marketing/Events/Promotions: Includes all levels of Sports Marketing, Events, Promotions, Public Relations, Advertising and Corporate Sponsorship.
- Sports Administration & Management: Includes all levels of Accounting, Administration, Customer Service, Finance, Human Resources, Management, Sports Information, Merchandising, Arena Operations, etc.
- Health / Fitness / Recreation: Includes all levels of Recreation, Fitness, Athletic Training, Sports Medicine, and Coaching.
- Computer / Tech Jobs: Includes all levels of Web Design & Maintenance, Graphic Design, Computer Operation, Art, System Coordination, Internet Production, IT Support and Coordination, Programming, and Network Administration.
- Personal Trainer: Personal trainers guide and motivate clients, assess clients’ fitness needs of clients and develop plans based on them. Personal trainers provide personal training, present classes and instruct on proper nutrition.
- CAREER SERVICES for the SPORTS INDUSTRY: While we offer a nationwide subscription-based diversity job board for the sports industry, we provide comprehensive career development services ranging from resume preparation and interviewing skills to one-on-one career counseling and sports career seminars with industry leaders.

via DISTANCE LEARNING

eCampus

Distance Learning can help students reach their academic goals by lifting the barriers of space and time. Your success in Distance Learning depends on a steadfast work ethic, independent study skills, good communication habits, and a working knowledge of the Internet. Distance Learning is available to all students.

What is Distance Learning?
Distance learning is a method of education in which students and instructors do not meet together in the classroom for instruction. Class activities are done independently, according to one's own schedule, or through electronically mediated communication.

What are distance learning courses like?
There are many different forms of distance learning. Distance learning courses at Troy University are Internet courses, which typically combine the use of e-mail, electronic bulletin boards, chat rooms, online mini-lectures, and web-based interactive lessons.

Distance Learning Requirements
Distance learning classes are taught over the Internet. Troy University uses a course management medium called Blackboard (http://troy.blackboard.com). Syllabi and other information become available to you when you enter the course through this site. Students enrolling in these courses must have convenient access to the following:

- **Personal computer** capable of running Netscape Navigator 7.0 or above or Internet Explorer 6.0 or above.
- **Access to the Internet** with a 56.9 Kb modem or better.
- **Personal e-mail account** that you can access on a regular basis. When you register, you will automatically be assigned a Troy University e-mail account, which you must access to receive official Troy University correspondence. You are encouraged to use this account for all of your Internet communication.
- **E-mail software** capable of sending and receiving attached files. Internet-based e-mail accounts usually offer this feature. Troy University e-mail accounts may be used completely via the Internet if desired: https://mail.troy.edu
- **Additional hardware/software requirements**, as may be indicated in your course syllabus. All word-processed documents submitted to instructors must be readable in Microsoft Word (NOT Microsoft Works! — .wps files are NOT readable).

Distance Learning students MUST do the following:

- **Enroll** in your Distance Learning class through the Registrar’s Office or online through Trojan WebExpress.
- **Contact** the instructor or log into your Blackboard course when classes begin.

First-time graduate students are encouraged to register in the Graduate Office in person and be assigned a graduate faculty advisor.
I. To be considered as a full time student at Troy University- Fort Benning Site, the student must be enrolled in at least six credit hours for undergraduates and three credit hours for graduates.

II. Veterans must verify their enrollment status on the last day of each month that they are enrolled in courses. There are three easy ways for the VA student to accomplish this task:

1. Interactive Voice Response 1-877-823-2378
2. Web-Automated Verification of Enrollment (WAVE) www.gibill.va.gov (this website also gives information about MGIB benefits).
3. GI Bill Toll Free Line 1-888-44-4551

III. Direct Deposit payments are received by the student within 3-5 business days and paper checks are received within 7-10 business days after the verification process in step II above is completed.

IV. If a student is taking courses through the TROY-Fort Benning Site, please contact Vanda Zavala at zavalav@troy.edu or 706-685-5708.

V. If a student is taking courses through TROY eCampus, he or she must complete the VA Information Sheet at https://it.troy.edu/veterans/index.html and request a transient authorization. Jason Messick is the point of contact for all eCampus courses. Mr. Messick can be emailed at the following email address: jmessick@troy.edu

VI. VA students who wish to drop or withdraw from a class should consult the VA Rep at the Ft. Benning/Columbus Site before taking action.

What’s the Easiest & Quickest Route to Resolving a Problem?

This year our site launched a new Student Assistance Services (SAS) module on our website. It has proven to be very helpful and user friendly tool. The SAS icon can be located on the right side of our website’s home page.

This new SAS system is designed in the format of a help desk ticket system which permits you to file a ticket requesting assistance with a problem or issue or simply to ask a question. Once your ticket is filed, you will receive an automatic email confirming that your request has been submitted and received. Based on the information you provide, the SAS system will direct your ticket to the appropriate Fort Benning/Columbus Site representative who will personally assist you.

The beauty of this new system is that it allows you to check the status of your ticket at any time during the day or night and if for some reason your ticket does not receive timely attention, it will automatically move to a higher level in the in the reporting chain until it is addressed.

Just think, no more phoning in for help only to be placed on hold or transferred into a voicemail box and then waiting for someone to call. The new online SAS system places your request for help in queue; it is tracked and monitored for timeliness. We encourage you to try this new system next time you need assistance!

Hey, National Guard!

For many years, Troy University has provided educational opportunities for military personnel. We meet the need for flexible education that can be completed locally or from any location around the world, based on your schedule. The Georgia National Guard, in partnership with Troy University, also recognizes this need. Flexibility is the foundation of our partnership and our goal is to provide a quality education.

TROY would like to be the partner that assists you in achieving your educational goals. Your Education Services Officer can give you information about how the program works or you may call TROY’s Southeast Region National Guard Representative, Michael Gilbert, for more information at 706-571-2442.

Visit our website at troy.edu for application and registration information.

EMAIL... the official way for TROY students to communicate with their instructors. TROY email also serves as a great tool for students to keep up with changes in their schedule and other pertinent events that are happening.
**GoArmyEd/eArmyU Students:**

eArmyU class sections offered via the GoArmyEd portal after June 1, 2008 will include textbooks for students identified in the portal as eArmyU students.

Students with a Current GoArmyEd Participation Agreement of:

a. **eArmyU Laptop**—WILL receive textbooks
b. **eCourse-Continuing eArmyU**—WILL receive textbooks.

Therefore, if your Current Participation Agreement in the GoArmyEd portal states that you are one of the following, you will NOT be issued textbooks when registering for eArmyU sections:

a. **Traditional eCourse**—will NOT receive text book
b. **eArmyU eCourse**—will NOT receive text book

You can verify your Participation Agreement Type by logging into the GoArmyEd portal. Go to your Personnel page and read the information in the block that looks like the following:

<table>
<thead>
<tr>
<th>eArmyU Information</th>
</tr>
</thead>
<tbody>
<tr>
<td>Initial Participation Agreement (PA) Type &amp; Effective Date:</td>
</tr>
<tr>
<td>Current Participation Agreement (PA) Type &amp; Effective Date:</td>

**Military Spouses, Take Charge of your Future**

**Are You “Ready 2 Work”?”**

Did you know that if you are the spouse of an active duty serviceman or woman stationed at Ft. Benning, you may be eligible for a military spouse Career Advancement Account (CAA) that could give you up to $3000 (renewable for one year) to cover tuition and other expenses associated with earning a certificate, diploma or two-year college degree?

Each qualified recipient of a CAA military spouse grant who is interested in **Information Technology, Finance or Healthcare** can attend classes through Troy University’s Ft. Benning/Columbus Site, which is on the State of Georgia’s approved eligible service provider list.

With a credential in hand, a military spouse can pursue a career that adapts to frequent household moves, and at the same time respond to the needs of today’s local job market.

For more information visit [http://milspouse.org](http://milspouse.org) or call the Ft. Benning CAA Military Spouse One Stop Center at 706-545-7397.

**GoArmyEd/eArmyU Update**

Effective for eArmyU classes starting 1 June 2008 or later, eArmyU classes will continue to be available to all Soldiers, but the services provided as part of the eArmyU enrollment will vary, as detailed below:

* All Soldiers enrolling in eArmyU classes will have applicable class fee waived.
* Only those Soldiers, who are in a current eArmyU technology package (Laptop) Participation Agreement, at the time of class enrollment, will receive textbooks, course materials, Internet Service Provider (ISP) access, and academic tutoring.
* Soldiers who are not in a current eArmyU Technology Package (Laptop) Participation Agreement, at the time of eArmyU class enrollment, will be required to purchase their own textbooks, course materials, and Internet Service Provider (ISP) access, and will not receive academic tutoring as part of eArmyU Tuition Assistance.

* Credit card payments will no longer be offered as a payment option for eArmyU classes.

Any non-Laptop Soldier logging into the GoArmyEd portal after Release 6.0 on 1 April 2008, will be presented with a page that explains books are no longer available to them based on their enrollment in the eArmyU classes. The Soldier will need to either select “Yes,” in which case their acknowledgement will be tracked, or “No,” in which case they will be logged out of GoArmyEd.

**HOOAH!**

TROY University is proud to be in partnership with the United States eArmyU Access Online, and to offer occupation related degrees through distance learning to soldiers serving world wide.
“The Past is Prologue!”

The History Major

“The Past is Prologue!” In other words, History has shaped and molded the world in which we live today. It provides us with insight and knowledge as to how that world came to be, equipping us with the understanding we need to deal effectively with it. This requires more than simply knowing the events of the past (Who? What? Where? When?). It involves attempting to make sense of it and thus determine the Why? of the past as well. Why did the Civil War occur? Why did we win the American Revolution? Why did we invade Iraq? Students of history wrestle with a myriad of such questions as they delve into the experience of the past. In the process of their study of History they develop valuable analytical skills as they determine the worth and reliability of historical evidence and weigh the validity of competing historical interpretations. They also are required to come to their own conclusions about the past and commit them to paper, further honing their writing skills in the process; skills that are in heavy demand in the private business sector of our national economy.

Majoring in History also can serve as good training for a career in Law which requires one to analyze evidence and develop sound conclusions from it. There are additional opportunities in the Public Sector at all levels (local, state, and national) in such agencies as County Historical Societies, State Historical Associations, Historical Museums, and Federal Departments and Agencies as diverse as the Department of Defense and the National Park Service.

Finally, the committed student of History can pursue an academic career by attaining an advanced degree in the discipline after successfully completing the undergraduate major program. The History Major is the foundation and stepping stone to the pursuit of a Master’s and/or Doctorate Degree in the field. They in turn enable one to become a faculty member at either the Secondary or College level of our nation’s educational system.

MFT (Major Field Test)  
and  
MAPP (Measure of Academic Proficiency and Progress Exam)

All students seeking a bachelors degree in criminal justice, psychology or a business program must take the Major Field Test (MFT) the term they register for their respective capstone course (CJ 4499, PSY 4480, or MGT 4476).

The MAPP is required for all students who have reached 89 semester hours of coursework.

Because of limited seating, a reservation is required. Walk-ins or students without a reservation will not be tested.
Military Spouses!

Do you have your Career Advancement Account?

Use your Career Advancement Account (CAA) at the Troy University Fort Benning/Columbus Site. TROY offers several exciting career development programs designed to meet the career needs of those who live a “mobile” life.

Career Advancement Accounts, sometimes called CAAs, are self-managed accounts that enable military spouses to gain the skills needed to successfully start, navigate, and advance their 21st century careers. Spouses may use their accounts to pay for expenses directly related to post-secondary education and training, including tuition, fees, books, equipment necessary to complete their education or training, and credentialing and licensing fees. Education and training activities must lead toward an educational credential or industry-recognized credential.

The amount of a Career Advancement Account is up to $3,000 per year (from the training start date). A Career Advancement Account is renewable for a second year, for a two-year total of up to $6,000.

The purpose of these Career Advancement Accounts is to provide portable career opportunities for military spouses in high-growth or high-demand industries with job opportunities across the country and in which individuals can earn a credential recognized in multiple states. Some of the target industries identified by the Departments of Defense and Labor are:

- Financial Services*
- Information Technology*
- Healthcare*
- and others

Initially, the Career Advancement Account (CAA) initiative was limited to spouses of active duty service members in the grades of E1-E5 and O1-O3. Now, spouses of all active duty personnel are eligible to participate regardless of grade level.

How do you get started? Visit or contact the Ft. Benning Army Continuing Education System Division office located at:

Exam Proctoring

In Term 1, the University will implement a new test proctoring policy for eCampus students. This new policy is designed to integrate the new Secure Exam Remote Proctor device into all eCampus courses by the end of the 08-09 School Year.

Effective Term 1, students taking eCampus courses will begin transitioning by programs to being required to either buy a Remote Proctor device at an expected cost of about $150 (a one-time cost), or to take an exam for a proctoring fee at an authorized testing center. Authorized testing centers will include commercial testing locations (i.e. Sylvan Centers) and Troy Campuses or Sites. A fee of $25 per exam will be charged to all transitioned eCampus students who schedule a proctored exam at a TROY Campus or Site.

In Term 1, all online graduate Business courses will fall under this new policy which means that Business graduate students taking eCampus courses that require exam proctoring will be charged for the proctoring service in Term 1 and beyond.

By Term 2, the MSIR and MPA graduate programs will transition to the new policy.

By Term 3, all of the eCampus graduate programs will be under this policy. Also by Term 3, the first of the undergraduate programs will also begin to transition (General Education, BSBA, and BASRTM).

Please note that students with unique circumstances might still be approved for third-party proctors but these exceptions will be tightly controlled by eCampus.

Additionally, eCampus students under this new policy who elect the option of testing for a proctoring fee at a Troy University Location will take their exam at a testing station using a Remote Proctor device.

In a closing note, eCampus students will not be charged the proctoring fee covered under this policy until the term that their program is transitioned.

If you have questions please call or email Mr. Leon Johnson in our National Testing Center here at Fort Benning.
